Jeff Jackson – EMS

- See Attachment A agenda
- Commissioners talked about the EMS agility testing that happened this week. They were very pleased with how this was set up. Commissioner Miller commended Chief Jackson for the efforts of keeping his staff physically fit for their own personal well-being as well as the well-being of citizens they are helping.
- Chief Jackson explained how the new drug dispensing machines work.

Sue Fuller – Executive Director of Village House (Brad Culbert and Connie Moore, Board Members)

Sue came in and gave some background on how she started with Village House and how the village house works. They have been in business for twenty years. They provide a safe place for visitation for non-custodial parents. They were seeing about eighteen active cases with twenty-six children. They currently have fifty-eight active cases with seventy-three children. They are faced with a huge challenge as everyone is with funding. They are sustained by mostly donations and a few grants that are mostly for capital upgrade. The big problem they have is they are finding when applying for grants they want demographics. Most of their cases come
from the courts with no financial support. The grants ask if they have support from the courts and children services. Commissioner Reiter asked if other counties that have this type of service receive funding / assistance from the courts and JFS. Sue did not have all the statistics on how other organizations receive funding. They have reached out to JFS to assist with funding since they send 36% of their customers. JFS has told them they do not have money in the budget to help. The Board is going to look into some of the options and the history of payments from JFS and Juvenile/Probate Court. The Village House did receive a donation to assist from Probate Court in 2016 which they received the check in 2017.
