**Commissioners and Administrator discussion**

- **Sanitary Engineer submitted the general engineering and service agreement for 2018 for signature by the Commissioners.**

**Auditor**

- **Jerri Miller - Auditor.** Jerri Miller reviewed the November revenue and expense reports. Sales tax did drop for December however we are up for the year. Reviewing the budget performance showed most departments are in line with budget and some are just under.

**TASC**

- **Karen LaFountain and Brandy Bagent - TASC.** Karen presented history on referrals. There was some question during budgets on where her referrals are coming from. The report represented how many referrals were made and where the referrals are coming from. TASC is still taking applications for male case manager. Brandy plans on checking on current applications and contacting a couple of local schools for possible candidates. Karen also mentioned the drug court is sending clients but TASC is supplementing them on costs for additional drug testing they are requiring. This may be something Brandy should look in to in order to receive the additional cost from the drug court. Brandy is getting acclimated to the office and working with Karen on items she needs to follow up with.
