**Review & Approval of Commissioner Meeting Minutes, In-coming Mail Review & External Meeting Notices**

Commissioner Reiter and the Administrator attended the TID board meeting on Wednesday 1/31/18. Part of the discussion was reorganizing and appointing the Board. Jerri Miller was appointed by the Board and is no longer interested in serving on the Board. Commissioner Reiter asked for the Commissioners to appoint a new board member, possibly someone with accounting/banking background that would sit on the board and act as treasurer. They are going to talk about this again next week and make a decision. There was also discussion regarding several projects that may be eligible for TID money and other ODOT grant money. Jeff Loehrke from ODOT was at the meeting and gave great suggestions on how to make the projects eligible.

Commissioner Reiter attended Memorial hospitals 100 year kick off. They are doing something every month to celebrate. They are going to put on a gala and will do it on site in a tent.

The Commissioners all attended the Solid Waste meeting and they have everything agreed upon regarding the recycle center with Green Springs.

Commissioner Reiter met with Tim Braun, Prosecutor, after meeting on Tuesday to talk to him about the discussion regarding The Drug Task Force. She informed him of the decision the board made regarding an additional donation and the reimbursement of the election cost and the advance.

Commissioner Miller and the Administrator attended the LEPC meeting on Wednesday. They talked about finances and training. They also discussed the flow of commodity coming through the county and that is time to do the flow study. They will also be doing a full scale drill in May.

| Commissioner and Administrator Discussion | John Detwiler - Superintendent. The Commissioners invited John to meet with them to talk about updates to the school and possible locations for the bus garage. The school is looking for approximately three acres to hold the buses and possibly a storage unit. They currently need storage for furniture and supplies along with buses and office space. The Commissioners offered a suggestion that there is about ten acres on Countryside Drive that could be a possible location. John then asked if the Commissioners had any suggestions regarding honoring/memorializing Washington and Hayes or other schools that would be affected by the new buildings. Some suggestions that were made were to name a space or wing after them or a hall of fame. The other suggestion was to request input from the community. |
| Sanitary Engineer (9:30am) | Steve Shiets, Sanitary Engineer. Steve came in with Zach Mulder, Assistant Engineer, came in to discuss the study and numbers they put together on the Rodriguez Street project. Steve and Zach looked at the project and feel if they made some changes that it would make sense for them to do the project. Steve also noted that if they get involved these individuals are his customers. The Commissioners asked how this should be presented to the Village and Township. The Commissioners will be meeting on the 13th with the Village and Township Trustees to discuss the project and would like Steve and Zach to attend to present his project. |
